NAPERVILLE, IL 60653

Dear Ms. France,

I am writing to inform you of the results of your credentials evaluation for the CPA certificate in Illinois. Our credentials evaluator has advised us that your course work is equivalent to **200 total semester hours** of college level credit including **40 semester hours of accounting** and **80 semester hours of business** at the undergraduate level. These accounting courses and required business courses you have taken cover the subjects of:

Audit	[Yes]	Financial Accounting	[Yes]
Tax	[Yes]	Managerial Accounting	[Yes]
Bus Com	[2]	Research & Analysis in Acct	[2]
Bus Ethics	[3]		

You received your BS from University of Illinois at Urbana Champaign in 2012.

According to Option # 4 of the 150 hour requirement, I am pleased to report that you meet the educational requirements that were effective July 1, 2013 to become a CPA in Illinois. Once a candidate is fully qualified academically to take the CPA exam as an Illinois candidate, he or she does not have to schedule or take an examination section in order to lock in the current educational requirements. It is highly recommended, however, that candidates begin testing as soon as possible after qualifying.

Remarks :

Congratulations!!!

This evaluation report does not constitute an application to take the exam. You must complete the application form which can be found at www.ilboa.org.

Your evaluator's initials are included in the subject line of the e-mail which contained this letter. The sender of the e-mail is not necessarily your evaluator. If you have any questions, your evaluator is more than happy to assist you! Please submit them directly to them by using our [staff directory](http://www.ilboe.org/about-us/staff-members/) (<http://www.ilboe.org/about-us/staff-members/>) or by forwarding the original e-mail using evaluations@ilboe.org
