1. All SCH must be in units of ¼ (.25)
2. SCH credit of .25 will be rounded down
3. SCH credit of .50 will stand
4. SCH credit of .75 will be rounded up

## **Certification, State Board, and National Board Exams**

You are responsible for understanding the requirements of certification, state board, or national board licensing exams. Such requirements may change during the course of your program. You are not automatically certified in any way upon program completion. Although certain programs are designed to prepare you to take various certification and licensing exams, Kaplan University cannot guarantee you will be eligible to take these exams or become certified. Your eligibility may depend on your work experience, completion of education and/or degree requirements, not having a criminal record, meeting other licensure or certification requirements, or the program or the University itself having appropriate accreditation or licensure.

Upon graduation, you may be eligible to take the Uniform Certified Public Accountant (CPA), Certified Internal Auditor, and Certified Management Accountant certification exams. To sit for the CPA Exam in most states, there is an educational requirement of 150 semester hours or 225 quarter credit hours. You may need to take additional courses at the undergraduate or graduate level to meet individual state requirements.
