**Notes:**

1. Either ACCT:3500 Advanced Tax or ACCT:4400 Advanced Financial Accounting is required for the undergraduate accounting major, but students can elect to take both courses. In the table these courses are included in one line in the “Required Accounting Courses” section and as another line in the “Elective Accounting Courses” section. Students who take both courses will acquire 6 total SCH in accounting.
2. Students can meet the ethics requirement by taking PHIL:2402 Introduction to Ethics or by taking the integrated ethics courses listed (1.75 SCH in “Required Accounting Courses” and 1.25 SCH in “Elective Accounting Courses” and “Other Courses”). If students take PHIL:2402, then they can apply the SCH of integrated ethics from the “Required Accounting Courses” and “Elective Accounting Courses” section towards the required accounting SCH instead of using those SCH for the ethics requirement.
