Notes:

1. The undergraduate accounting major requires one of the following courses: ACCT:3500 Advanced Tax, ACCT:4280/BAIS:4280 Cybersecurity, or ACCT:4400 Advanced Financial Accounting. Students can elect to take more than one of these courses. In the table, these courses are included in one line in the “Required Accounting Courses” section on page 1 and as another line in the “Elective Accounting Courses” section on page 2. Students who take two of these three courses will acquire 6 total SCH in accounting, and students who take all three courses will acquire 9 total SCH in accounting.
2. Students can meet the ethics requirement by taking PHIL:2402 Introduction to Ethics or by taking the integrated ethics courses listed (2.00 SCH in “Required Accounting Courses” and 1.00 SCH in “Elective Accounting Courses” and “Other Courses”). If students take PHIL:2402, they can apply the SCH of integrated ethics from the “Required Accounting Courses” and the “Elective Accounting Courses” section towards the required accounting SCH instead of using those SCH for the ethics requirement.
